****Please be aware that the Program Fees encompass the Student \$750 Services Fee, Tuition, and all Learning Resources.**

Program fees are determined by combining the tuition fees, student services fee, and other costs associated with educational materials. These expenses may include printed instructional materials, textbook fees, expenditures for laboratory facilities, equipment, maintenance, and supplies.

All program fees are specified in Canadian dollars. Fees related to academic activities are exempt from the federal Goods and Services Tax. However, additional charges may be applicable for extracurricular activities, such as specialized field trips or supplementary seminars.

Please note that your registration will be considered complete only after the full payment of both tuition and program fees for the specified term.

For students applying for Government Student Loans, it is advisable to contact their Admissions Advisor before initiating the online loan application process.
